DIGITAL MARKETING

Where Modern Business Growth Begins

Your customers are already online.

They are searching | Comparing | Messaging | Scrolling | Watching

THE REAL QUESTION IS ?

Will they discover your brand or **YOUR COMPETITOR?**

Every Customer Journey Starts With a Digital Moment

A search for the right product.

A reel that creates curiosity

A review that builds confidence

A message that answers a question

An ad that brings someone back

One small interaction can become acustomer, a sale, or a long-term relationship.

DIGITAL IS WHERE INDIA MAKES DECISIONS

India has **900M+ internet users**, with hundreds of millions actively using smartphones, social platforms, search engines, video platforms, marketplaces, and digital payment apps.

Every day, people interact with brands such as

boAt | JioHotstar | makemytrip
Myntra | PhonePe | Swiggy
zomato

Behind every click, order, booking, download, and payment is a carefully designed digital journey.

How That Journey TURNS INTO BUSINESS

A Reel creates awareness and curiosity.

A Search captures existing demand.

A Website educates and builds trust

An Ad brings the right audience closer.

A Message removes objections.

A Conversion turns attention into revenue.

One Digital Moment Can CREATE MASSIVE IMPACT

One perfectly timed message

THAT CAN BE ENOUGH TO TAKE A BRAND FROM

Unknown → Discovered → Trusted → Chosen

Digital marketing connects the right message with the right person at the right moment.

Why Digital Marketing Matters

Digital marketing is no longer an optional promotional activity.

IT INFLUENCES

Brand Awareness

Customer Acquisition

Lead Generations

Sales & Revenue

Customer Retention

Business Growth

And as companies invest more into digital growth, they need professionals who know how to make those investments perform.

If This Excites **You**

YOU ARE IN THE RIGHT PLACE

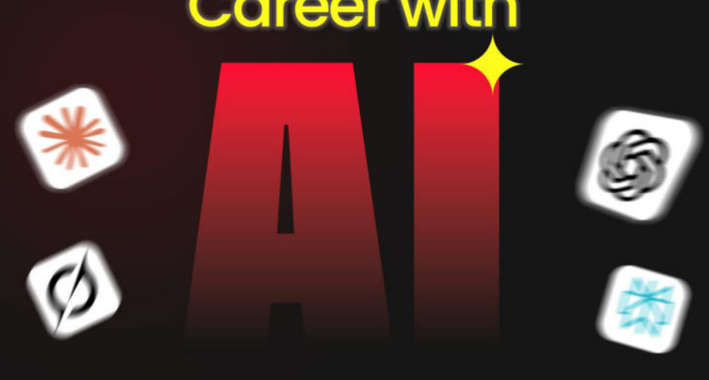
Because digital marketing is not simply about posting content or running ads.

It is the skill of understanding customer behaviour and turning attention into measurable sbusiness growth

And that is exactly what you are about to learn

UPGRADE YOUR DIGITAL MARKETING

Career with



Learn the Marketing Skills Companies Actually Need

io Focused 12 Weeks • Practical Training • AI-Enabled • Portfolio Focused 12 Weeks

Digital marketing has **changed**

Today, **marketers are expected to understand strategy**, content, search, advertising, analytics and automation while knowing how to use AI to work faster and make better decisions.

io Focused 12 Weeks • Practical Training • AI-Enabled • Portfolio Focused 12 Weeks

WHAT YOU'LL LEARN

Search, SEO & AI discovery

Learn how customers discover brands across Google and **AI-powered search experiences.**

AI Overview

- Keyword research & search intent
- On-page and technical SEO
- Local SEO & Google Business Profile
- AEO — Answer Engine Optimisation
- GEO — Generative Engine Optimisation
- Search Console & SEO auditing
- AI-assisted keyword clustering & content briefs

Screamingfrog · Search Console · Google Trends · ChatGPT · Claude · Google Trends · Google Analytics 4 · Google Tag Manager

Content, Social Media & AI Creative

Turn marketing strategy into content that **attracts attention and drives action**.

- Content strategy & content pillars
- Instagram, LinkedIn & YouTube planning
- Hooks, storytelling, captions & CTAs
- Personal branding
- Influencer marketing fundamentals
- AI-assisted content ideation
- AI image prompting
- Ai Video Generations.
- 30-day content campaign planning

Canva · ChatGPT · Google Trends · Claude · ClickUp

Performance Marketing & Analytics

Learn how businesses acquire customers **and how marketers measure what actually works.**

Google Ads

- Search campaign structure
- Keyword & negative keyword strategy
- Responsive Search Ads
- Budgeting & bidding
- CTR, CPC, CPL, CPA & ROAS
- Campaign optimisation

Meta Ads

- Campaign, ad set & ad structure
- Audience strategy
- Lead-generation campaigns
- Retargeting
- Creative testing
- Advantage+ fundamentals

Measurement

- GA4
- Google Tag Manager
- Events & conversions
- UTMs
- CRO
- Marketing dashboards

CRM, Automation & AI Workflows

Marketing doesn't stop **when a lead is generated.**

Learn how to connect acquisition with **follow-up and conversion**.

- CRM pipeline & lead stages
- Email nurture sequences
- WhatsApp follow-up
- Trigger -> Action -> Condition workflows
- Form -> Sheet -> Email automation
- Lead notifications & assignment
- Introduction to webhooks
- n8n workflow architecture
- AI-assisted workflow concepts
- Human approval & error handling

AI IS BUILT INTO THE COURSE

You won't learn AI as a separate theory module.

You'll use it throughout the program for

Research
Prompting
Copywriting
SEO
Content Ideas
Ad Variations
Analysis
Automation
Creative Production

AI helps you move **faster.**

Marketing judgment helps you move in the right direction.

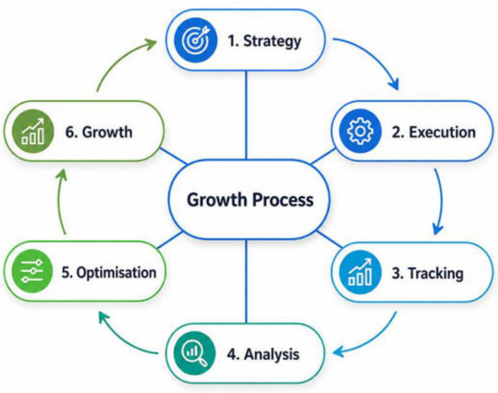
NOT JUST What to Do

Learn HOW. WHY. WHEN. AND WHAT TO IMPROVE.



From Learning Marketing TO DOING MARKETING

WHO CAN DO THIS COURSE

Built for Anyone Ready to Build a Career in *Digital Marketing*

> You don't need a marketing degree or prior digital marketing experience to get started.

Students & Freshers

Start early, build practical skills and become job-ready before graduation.

Working Professionals

Upgrade your skills, switch careers or move into high-growth digital roles.

Marketing & Sales Professionals

Strengthen your knowledge of performance marketing, analytics, AI and automation.

Business Owners & Entrepreneurs

Learn how to generate leads, improve visibility and understand what actually drives business growth online.

Freelancers & Consultants

Build in-demand skills to manage campaigns, attract clients and deliver measurable marketing results.

Career Switchers

Move from a non-marketing background into digital marketing with a structured, practical learning path.

Content Creators & Personal Brands

Learn how to grow your audience, create better content and turn attention into opportunities.

Anyone Interested In AI + Marketing

Learn how modern marketers combine strategy, creativity, data, AI and automation.

NO EXPERIENCE? NO PROBLEM

What matters is your willingness to learn, practise and execute.

- 3 Months n8n Access

CAPSTONE 01

BRAND & LANDING-PAGE *STARTER KIT*

Students combine the first four weeks into one portfolio project:

Business Objective

- Customer Journey
- Buyer Persona
- Competitor Analysis
- Brand Positioning
- Value Proposition
- Message Hierarchy
- Content Pillars
- AI Prompt Library
- Lead Form & CTA
- WordPress Website / Landing Page

CAPSTONE 02

ORGANIC VISIBILITY & *CONTENT CAMPAIGN*

Students build an integrated organic growth system:

Keyword Research

- Search Intent Map
- SEO Page Optimisation
- Technical SEO Audit
- Local SEO Plan
- AEO/GEO Content
- Social Strategy
- 30-Day Content Calendar
- Creative Assets
- Short Video
- Influencer Brief

CAPSTONE 03

BUILD A 90-DAY AI-ENABLED *DIGITAL GROWTH SYSTEM*

Bring the entire program together into one professional growth plan.

Business Objective & 90-Day Targets

- Audience & Customer Journey
- Positioning & Offer
- WordPress Website / Landing Page
- SEO + Local SEO + AEO/GEO Plan
- 30-Day Content Calendar
- Google Search Campaign
- Meta Campaign
- Creative Testing Plan
- GA4/GTM Measurement Framework
- UTM Standards
- CRM Pipeline
- Email & WhatsApp Follow-Up
- Dashboard Structure
- n8n Automation
- AI Review Framework
- Budget Plan

15 INDUSTRY
CASE STUDIES

01 Swiggy & Instamart

Social Conversations That Build Recall

Explore award-recognized social campaigns and conversational content. Identify how tone, timing and platform choice make a brand recognizable.

Learning focus: Social strategy and community engagement.

02 Nykaa

AI-Powered Advertising for Beauty Discovery

Study Nykaa's documented use of Performance Max to connect shoppers with relevant beauty products. Examine how customer needs, creative assets and business objectives shape an AI-assisted advertising strategy.

Learning focus: E-commerce advertising and ROAS evaluation.

03 Myntra

E-Commerce SEO at Scale

Analyze how category-level planning and technical improvements supported Myntra's organic growth. Learn to connect keyword visibility with product discovery and revenue instead of treating rankings as the final outcome.

Learning focus: Category SEO and organic revenue.

04 Razorpay

Turning Search Questions into Brand Discovery

Examine Razorpay's top-of-funnel SEO case, including outdated content, keyword overlap and internal-linking gaps. Explore how useful business content can introduce potential customers to a financial technology brand.

Learning focus: Search intent, content optimization and qualified discovery.

05 cult.fit

Protecting Organic Visibility During Migration

Study the transition from cure.fit to cult.fit and the importance of URL mapping, redirects and baseline measurement. Build an understanding of how website changes can affect existing search demand.

Learning focus: Technical SEO and migration planning.

06 Lenskart

Connecting Digital Discovery with Physical Retail

Explore Lenskart's evolution from online eyewear retail to an integrated customer experience. Map how digital touchpoints and physical stores can work together when customers need confidence before purchasing.

Learning focus: Omnichannel journeys and purchase friction.

07 Amazfit

Improving the Checkout Experience

Review Amazfit's implementation of Razorpay Magic Checkout. Identify how checkout friction can affect completed orders, and develop a testing framework that separates checkout improvements from other sales influences.

Learning focus: Checkout optimization and conversion measurement.

08 Flipkart

Video and Creators Around Shopping Events

Examine recognized video and Big Billion Days influencer campaigns. Develop ideas for connecting creative storytelling with a time-bound shopping occasion.

Learning focus: Promotional campaigns and video strategy.

09 MAGGI

Linking Creator Campaigns with Commercial Goals

Analyze the Double Masala campaign's recognition for influencer marketing and revenue-oriented social activity. Discuss how creator ideas can support product discovery.

Learning focus: Influencer briefs and commercial objectives.

10 Spotify

Making Personalization Worth Sharing

Study Spotify Wrapped's recognized meme-led execution. Explore how a personalized experience can become a conversation that audiences choose to share.

Learning focus: Shareability and audience participation.

11 Fevicol

Timely Content with a Consistent Brand Voice

Review Fevicol's recognized moment marketing. Practice judging which trends fit a brand and which would distract from its positioning.

Learning focus: Topical creativity and brand consistency.

12 Cadbury Celebrations

AI-Powered Hyperlocal Storytelling

Explore "Shah Rukh Khan–My-Ad," which used machine learning to create localized advertisements supporting small retailers. Examine how personalization connected a national brand idea with neighbourhood businesses.

Learning focus: AI creative applications and localization.

13 Samsung India

Platform-Led Product Launches

Review the recognized Galaxy A17 campaign with ShareChat and Moj. Explore how platform context can inform product-launch content and distribution.

Learning focus: Platform selection and launch planning.

14 Freshworks

Reaching B2B Buyers Through Video

Study the India-founded company's LinkedIn Connected TV campaign in the US. Examine ideal-customer targeting, creative adaptation and the relationship between awareness investment and future demand.

Learning focus: B2B audience strategy and full-funnel planning.

15 HDFC Life

Evaluating Lead Quality Beyond Volume

Review HDFC Life's documented LinkedIn lead-generation case. Discuss why valid, relevant enquiries provide a more useful evaluation lens than low-cost form submissions alone.

Learning focus: Lead validity and acquisition quality.
